Partnership Models

Success-Based

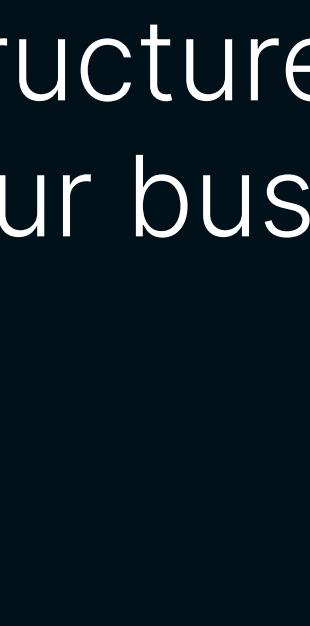

Volume Loyalty Plan

Rewards based on the volume generated by referred clients. Up to 50% revenue share.

Cost Per Acquisition

One-time fee per new active trader. Based on region and amount of first deposit, confirmed by trading activity.

 For EU and UK — for licensed partners only

Mix both models and get rewards from different type of partnerships simultaneously

Traffic-Based

Cost Per Lead

Get paid for qualified leads. Leads who proved their identities.

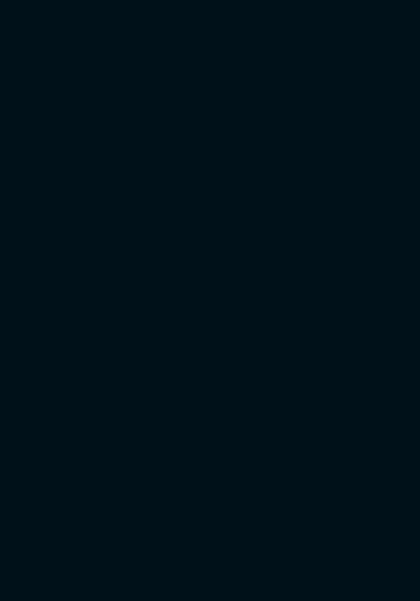

Fixed Placement Fee

Flat-rate payments for ad placements

Other custom plans (CPC, CPM) may be negotiated with successful partners

Tailored Business Model

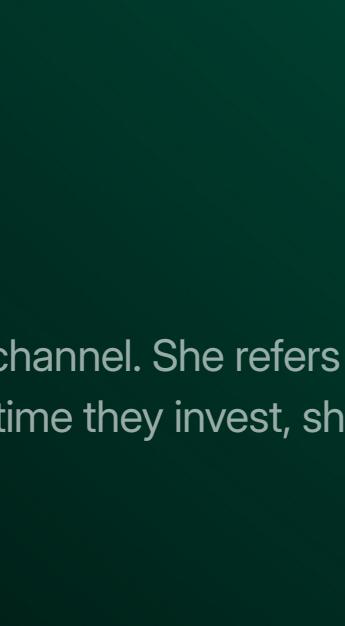

Leverage our partner rewards model that is tailored to your market and geography.

This adaptable model allows for customized strategies that meet the specific needs of your audience and region, ensuring sustainable and profitable partnership.

We ensure that our reward structure offers you a unique mix designed to grow with your business.

Marketing Boost

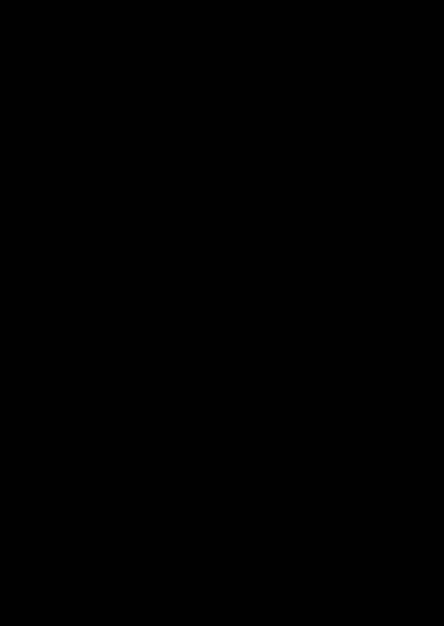

We are here to help drive your success and growth with our marketing expertise and money for boosting your marketing.

Gain full access to our comprehensive marketing support. We provide expertly crafted promotional materials that comply with regulatory standards.

For our top-tier partners, we go further by offering access to our marketing budgets and strategic expertise.

Access to Educational and Analytical Content

Get access to engaging educational and analytical content, designed to help your audience better navigate the markets and our products.

This content drives client education and product awareness through clear, insightful explanations.

It can be used across your channels to increase engagement and build trust with your audience.

Use cases

Trading Products

Best for

- Financial bloggers
- Trading forums & educators
- Comparison websites

Use Case

 Daniel

Runs a forex video blog. He's posting 3 videos per week on his youtube channel. When his audience signs up and proves their identities, he gets paid for them as qualified leads.

Investment Products

Best for

- Wealth management advisors
- Investment bloggers
- Personal finance influencers

Use Case

 Anna

Runs a personal finance YouTube channel. She refers viewers to our investment products. Every time they invest, she earns a % of markup.

Educational & Analytical Products

Best for

- Influencers
- Finance educators
- Affiliate marketers

Use Case

 Lisa

Runs a finance-focused TikTok channel. She shares our market explainers and product-integrated content to help her audience understand key trends and tools.

Step 2

Sign the regions and interests of your audience.

Step 3
